Watermain Replacement on Ferris Road from Rexleigh Drive to Dawes Road Druid Court and Cedarcrest Boulevard

Contract: 15ECS-LU-14SU
Start Date: November 6, 2015
End Date: June 2016

**Timeline is subject to change. Future notice to be provided.*

The City of Toronto will replace the watermain and approximately 200 City-owned portions of substandard water services on Ferris Road from Rexleigh Drive to Dawes Road, Druid Court from Ferris Road to the End Limit and Cedarcrest Boulevard from existing dead end 27 m south of Ferris Road to existing dead end 45 m north of Glen Albert Drive.

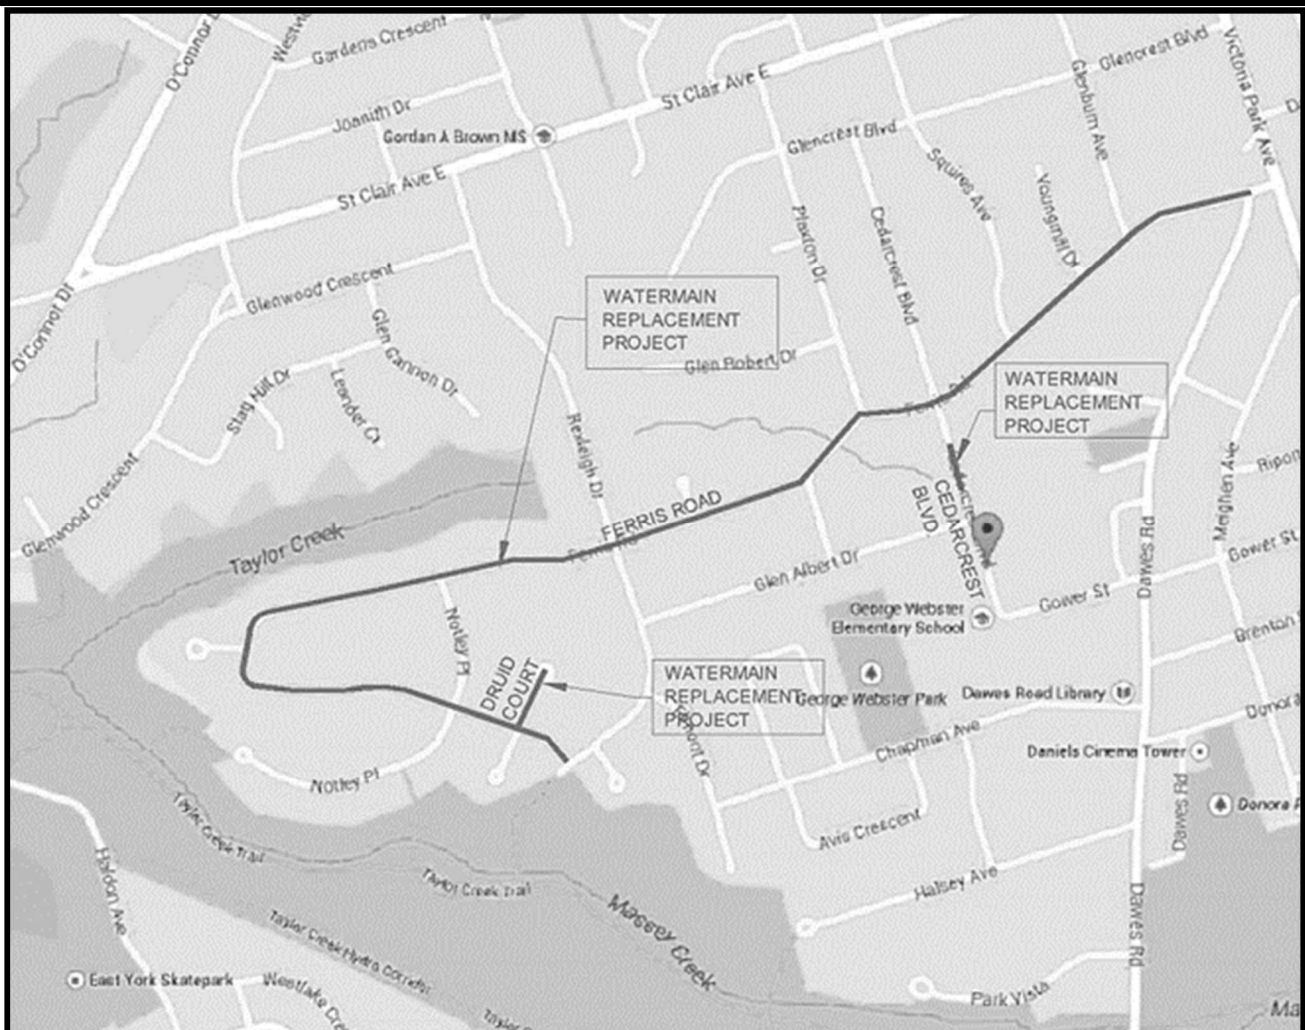

The water service is the underground pipe that brings water to your water meter and is owned by you and by the City. The part you own is from your house to the end of your property, the part the City owns is from the end of your property to the water main.

This project is part of the Council-approved 2015 Capital Works Program to renew our aging infrastructure, improve water distribution and reduce the risk water main breaks.

IMPORTANT INFORMATION ABOUT LEAD WATER SERVICES

If you live in a house that was built before the mid-1950s, your water service may be made of lead. Please the attached fact sheet with important information about the risks of lead water services, especially if someone in your house is pregnant, there are children under six years old, or there is an infant drinking formula made from tap water.

MAP OF WORK AREA

WORK DETAILS

In the first few weeks, the City's contractor will move on-site with equipment and prepare the work area before construction begins. Construction crews will then:

- Excavate the road and dig a trench to access and install the new watermain
- Replace any City-owned water service pipes that do not meet City standards from the water main to the private property line
- Restore all work areas with asphalt, concrete or grass when the underground work is complete

WHAT TO EXPECT DURING CONSTRUCTION

- You may experience dust, noise and other inconveniences. The City will make efforts to reduce the impacts. Your patience is appreciated.
- Property owners should remove items located within City property limits (boulevard), such as landscaping and / or decorative objects. If you have a sprinkler system within the boulevard, please contact the Field Ambassador. The City will not be responsible for damage to any privately owned items on City property.

	<p>Work Hours: Work will take place from 7:00 a.m. to 7:00 p.m., Monday to Friday, with work after hours and on weekends as required.</p>								
	<p>Water Service Disruptions: From time-to-time, the water supply to your property will be shut-off to complete construction; the contractor will provide at least 24-hour advance notice. Throughout the work, it is recommended that you temporarily disconnect any water treatment systems (i.e. softeners or filters), water-cooled air conditioners or similar plumbing fixtures. Automatic lawn sprinkler systems may also be affected, therefore, you may need to water manually. In the event you did not receive advanced notice, an emergency water shut off could have been necessary.</p>								
	<p>Substandard Water Service Replacement: Please take the time to read the attached fact sheet carefully as it contains important information on lead in drinking water and how to prepare for replacement. If you want to replace your part of the water service pipe, contact the City's contractor for one of your quotes.</p> <p>Water Service Replacement Contractor:</p> <table data-bbox="332 1580 1372 1728"> <tr> <td>Company/Contractor:</td> <td>Pachino Construction Co. Ltd.</td> </tr> <tr> <td>Contact Person:</td> <td>Carlo Luberto</td> </tr> <tr> <td>Phone:</td> <td>416-528-9377</td> </tr> <tr> <td>Contract No.:</td> <td>15ECS-LU-14SU</td> </tr> </table> <p>PLEASE NOTE: (any contract entered into to replace water services is between the home owner and the contractor.)</p> <p>Residences requiring a substandard service replacement will receive a meeting notice to learn more about this project and the water service replacements.</p>	Company/Contractor:	Pachino Construction Co. Ltd.	Contact Person:	Carlo Luberto	Phone:	416-528-9377	Contract No.:	15ECS-LU-14SU

Contact Person:	Carlo Luberto								
Phone:	416-528-9377								
Contract No.:	15ECS-LU-14SU								
	<p>Road and Sidewalk Access: In order to complete the work in a safe manner, there will be road and sidewalk restrictions within the construction work area.</p> <p>Driveway Access: The contractor will notify you of any temporary restrictions to your driveway access. If your property has two entrances, one entrance will be kept open at all times. Access for emergency vehicles will be maintained at all times.</p> <p>Accommodation: Residents that require accommodation must contact the Field Ambassador to arrange for access during the construction period.</p>								
	<p>Traffic Management: Efforts have been made to manage traffic in the area for the safety of workers, road users and residents. Some of these efforts include adding Local Access signs, revising traffic signal times and informing the public of alternate routes during this planned work through twitter. Road users should expect delays and increased traffic on nearby main and side streets.</p>								

	<p>Traffic on Ferris Road, Druid Court and Cedarcrest Boulevard will be reduced to one lane during construction activities.</p>
	<p>Parking: Parking in the active work zone is not permitted due to space requirements for construction equipment and materials. If your parked vehicle affects the construction work, it will be re-located with no charge to the owner. Please contact parking control for the location of your vehicle at 416-808-2222.</p> <p><i>In the event you receive a traffic ticket for on-street parking during this period of construction, please immediately contact the Field Ambassador listed below, so that your tickets can be cancelled.</i></p> <p>Please note that parking tickets cannot be cancelled if vehicles have parked in illegal parking spots such as hydrant violations or no parking zones or if they are submitted to the Construction Inspector later than three days of receipt.</p>
	<p>Garbage & Recycling: Please follow your normal routine. If required, the contractor will move bins to an appropriate location and return them. <i>Please ensure that you label your bins with your address.</i></p>
	<p>Restoration: The construction work area will be restored with sod and/or asphalt where required. Interlocking bricks, flagstone on a granular base, or other similar features that are removed during construction will be replaced. Lawn seeding and/or laying of sod will be done as needed during ideal growing seasons only - in the spring (April to June) and fall (September to October). The contractor will provide only temporary restoration. Permanent restoration work will be made within 18 to 24 months.</p>
	<p>TTC Service: This project may affect travel times on the 23 Dawes Road bus route. Visit ttc.ca for accurate schedule information.</p>
