Toronto Office of Partnerships
Complaints Policy

Introduction
The Toronto Office of Partnerships strives to operate in a professional and courteous manner. It is also focused on treating potential partners and their proposals in an open, transparent and timely manner. To that end, the City of Toronto has established and made public clear procedures to handle unsolicited proposals and donations, for example.

In keeping with these principles, the TOP has established this complaints policy to provide external individuals and organizations as well as City divisions with a clear procedure to follow when lodging a complaint about TOP. Equally, the policy provides TOP and its staff with a clear process for handling and resolving complaints.

Guiding Principles

- Complaints are dealt with promptly and resolved as quickly as possible.
- Staff treat complaints as confidential and protect complainant’s privacy.
- Complaint investigations are fair, impartial and respectful to parties involved.
- Complainants are advised of their options to escalate their complaint if they are dissatisfied with treatment or outcome.
- Complainants are provided clear and understandable reasons for how decisions on the complaint were made.
- Updates are provided to complainants during investigations.
- Complaints are used to assist in improving services, policies and procedures.

Complaint Definition and Form

- A complaint is an expression of dissatisfaction with the TOP’s policies, procedures, employees or quality of service. Examples include, but are not limited to, the perception of:
  - failure to do something agreed to do;
  - failure to observe policies or procedures;
  - unacceptable delay;
  - staff error;
  - lack of access to information or services (i.e. language or disability barriers)
  - discourteous actions/statements by staff
  - fraud such as the use of IT resources for purposes unrelated to City business; theft of cash or City equipment; false benefit claims (i.e. sick leave); abuse of work
hours; vendor misconduct or conflict of interest; misstated or misleading information to decision maker and false claims and submissions by program recipients.

A complaint may be received verbally in person or by telephone or in writing by hand delivery, mail, fax or email. A complaint form is available at http://www.toronto.ca/top/index.htm and can be completed online and e-mailed or downloaded and mailed.

Receipt of Complaint

- Written complaints are date-stamped and immediately referred to the staff person involved and the Director. Receipt of the complaint is acknowledged by the Director within 48 hours in the same medium as the complaint (e.g. letter, e-mail). This reply also includes a tracking number (which appears on the Complaint Form) and the following paragraph:

The Toronto Office of Partnerships collects your personal information under authority of the City of Toronto Act, 2006, s. 136(c) and the City of Toronto Municipal Code, Chapter 169, Article 1, ss. 169-1, 169-2, and 169-4. The information you provide will be used to investigate the complaint and may be used for contact purposes related to the investigation. Questions about this collection can be directed to the Director, Toronto Office of Partnerships, Main Floor, Metro Hall, 55 John Street, Toronto, ON M5V 3C6 or by telephone at 416-392-6119.

- Verbal complaints may be dealt with by the staff person involved. The Director must be informed of the nature of the complaint and its resolution.

- Anonymous complaints are referred to the Director.

Complaints not within the Toronto Office of Partnerships’ jurisdiction are forwarded to the appropriate Division and the complainant is advised.

Procedure

TOP uses a clear three-step process to handle complaints.

First Step:

- The staff member involved in the complaint should attempt to resolve it, with input from the Director.
- If the complainant asks to be referred to the Director, the staff person should immediately comply.
- If the complaint concerns the conduct of a staff person or if it cannot be resolved, staff should immediately refer it to the Director and inform the complainant of the Director’s name and contact information.
- If the complaint is made directly to management, the staff member involved shall be notified.
Second Step:

- The Director reviews the complaint, and may attempt to resolve it immediately with the involvement of the staff member.
- If further investigation is required, the Director records the complaint and contact details, investigates the complaint to determine its validity and proposes a resolution (see Investigations below).
- The Director may request that a verbal complaint be put in writing, especially if it involves a serious or complex matter.
- For all verbal and written complaints requiring investigation, the Director indicates to the complainant when they will contact them with a resolution or update.

Third Step:

- If not resolved to the complainant’s satisfaction, at the Director’s discretion or at the complainant’s request, it is referred to the Deputy City Manager, Cluster A.
- Where a complainant is dissatisfied at the end of the third stage, they are advised of the opportunity for external review by the Ombudsman.

Investigations

- Investigations may be conducted during the second and third steps. The investigation may include:
  - Discussion(s) with the complainant to clarify the complaint, confirm common understanding, clarify outcome sought, and explain complaint procedures.
  - Discussion with staff involved (with union representative, if applicable).
  - Review of background information such as policies and procedures, previous written communications and other documentation.
  - Obtain and review other expert opinions or perspectives.

At each stage of escalation, it should be determined whether the previous investigation has been adequate.

Resolution

Examples of resolution types include, but are not limited to:
- Apology and/or completing action that should have been done;
- Apology and explaining action being taken to improve systems, procedures, or practice
- Apology and expediting the delayed action;
- Apology, explaining and correcting staff error or discourteous staff behaviour
- Apology and explaining actions to be taken to improve access to information or services
Notice of Decision and Resolution

- Complaints receive a written notice of decision.
- If investigation determines that the reasons for the complaint are not justified, and no further action is required, the complainant is notified.
- If investigation determines that the complaint is justified, the complainant is notified of corrective action to be taken and any remedy proposed.

Record of the Complaint

- During complaint escalation, staff maintain a record at all stages including:
  - name of the complainant
  - details of the complaint
  - communications with complainant and other parties
  - the decision and action taken, and
  - the complainant’s response.
