## Local Road Reconstruction and Road Resurfacing On streets south of Barker Avenue

**Expected Start Date: April 18, 2017**

**Expected End Date: August 31, 2017**

*\*Timeline is subject to change. Future notice to be provided.*

The City of Toronto will complete road work on a number of streets south of Barker Avenue. Our inspection of the road shows that it needs to be resurfaced or reconstructed and sections of damaged sidewalk need to be replaced to bring them to a state of good repair.

The City will resurface the road on: **Gibson Avenue, Bradshaw Avenue, Hentob Court, Jason Road and Sims Crescent** (see map below).

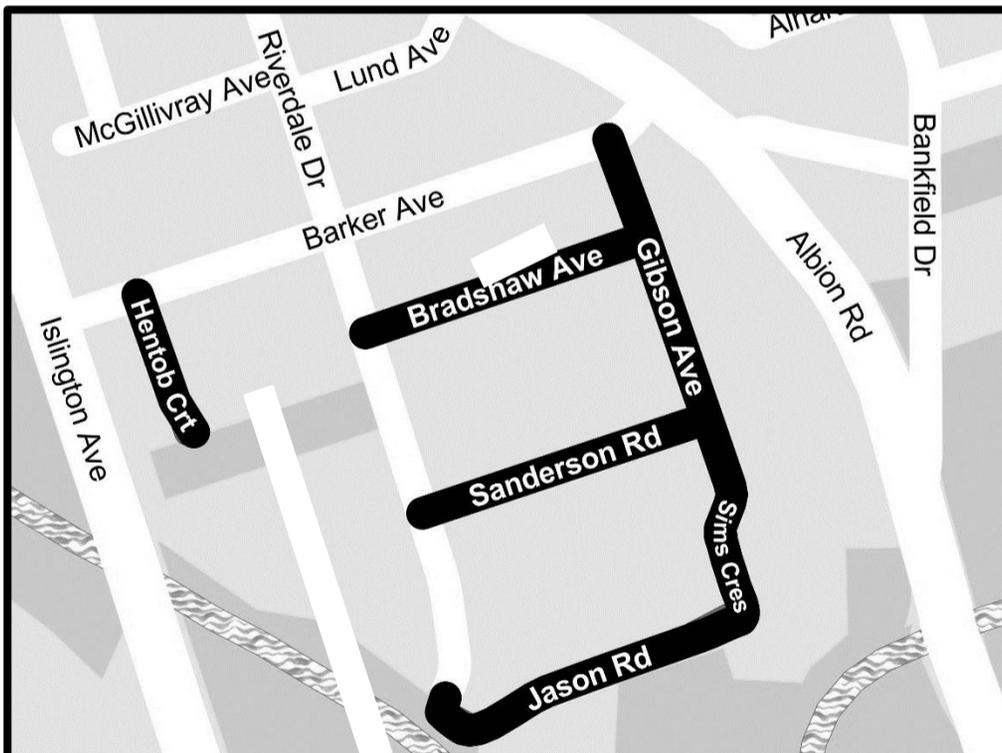

On **Sanderson Road**, the City will reconstruct the road and replace the City-owned portion of substandard water services. The water service is the underground pipe that brings water to your water meter and is owned by you and by the City. The part you own is from your house to the end of your property, the part the City owns is from the end of your property to the watermain.

This work is part of the Council-approved 2017 Capital Works Program to renew aging city roads, sidewalk and improve water services for current and future needs.

### IMPORTANT INFORMATION ABOUT LEAD WATER SERVICES

If you live in on **Sanderson Road** in a house that was built before the mid-1950s, your water service may be made of lead. Please read the attached fact sheet with important information about the risks of lead in drinking water, especially if someone in your house is pregnant, there are children under six years old, or there is an infant drinking formula made from tap water.

### MAP OF WORK AREA

### WORK DETAILS

The City's contractor will move equipment on-site and prepare the work area before construction begins. Construction crews will then:

- Dig up the road surface
- Re-align maintenance holes and catch basins
- Repair curbs, gutters and driveways
- Repave the road surface

## WHAT TO EXPECT DURING CONSTRUCTION

- You may experience dust, noise and other inconveniences. The City will make efforts to reduce the impacts. We appreciate your patience.
- Property owners should remove items located within City property limits (boulevard), such as landscaping and / or decorative objects. If you have a sprinkler system within the boulevard, please contact the Project Manager.
- The City will not be responsible for damage to any privately owned items on City property.

	<p><b>Work Hours:</b> Work will take place from 7:00 am to 7:00 pm., Monday to Friday, with work after hours and on weekends as required.</p>
	<p><b>Road and Sidewalk Access:</b> In order to complete the work in a safe manner, there will be road and sidewalk restrictions within the construction work zone. Access for emergency vehicles will be maintained at all times.</p> <p><b>Driveway Access:</b> The contractor will notify you of any temporary restrictions to your driveway access. If your property has two entrances, one entrance will be kept open at all times.</p>
	<p><b>Traffic Management:</b> Efforts have been made to manage traffic in the area for the safety of workers, road users and residents. Some of these efforts include adding Local Access signs, revising traffic signal times. Road users should expect delays and increased traffic on nearby main and side streets.</p> <p><b>Gibson Avenue, Sims Crescent, Jason Road, Sanderson Road, Bradshaw Avenue and Hentob Court will remain open for local traffic at all times. No through traffic will be allowed at times as required.</b></p>
	<p><b>Parking:</b> Parking in the active work zone is not permitted due to space requirements for construction equipment and materials. If your parked vehicle affects the construction work, it will be re-located with no charge to the owner. If your vehicle is moved, please contact parking control for its location at <b>416-808-2222</b>.</p>
	<p><b>Garbage &amp; Recycling:</b> Please follow your normal routine. If required, the contractor will move bins to an appropriate location and return them. <b><i>Please ensure that you label your bins with your address.</i></b></p>
	<p><b>Restoration:</b> The construction work area will be restored with sod and/or asphalt where required. Interlocking bricks, flagstone on a granular base, or other similar features that are removed from public and private property during construction will be replaced. Lawn seeding and/or laying of sod will be done as needed during ideal growing seasons only - in the spring (April to June) and fall (September to October).</p>
