Road Resurfacing on Sheppard Avenue West from Keele Street to Allen Road & Intersection Improvements @ Bakersfield Street

Expected Start Date: June 07, 2017
Expected End Date: November 30, 2017

**Timeline is subject to change.*

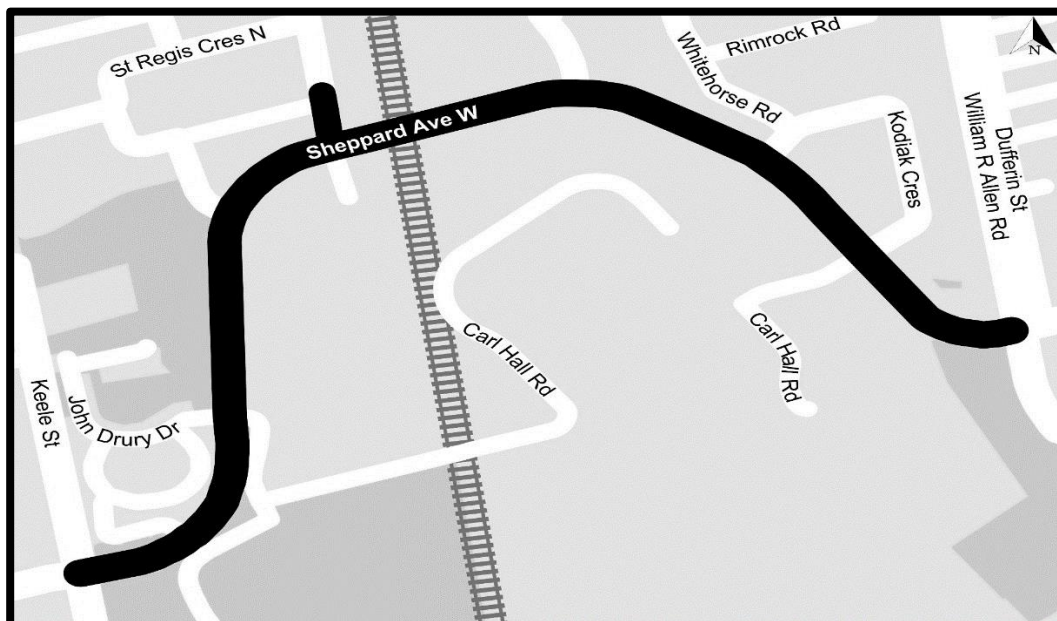

The City of Toronto will resurface Sheppard Avenue West from east of Keele Street to approximately 170 metres west of the Allen Road. The project will also include changes including:

- improvements to the intersection of Sheppard Avenue and Bakersfield Street
- widening Sheppard Avenue West between Tuscan Gate and the CN railway underpass bridge
- widening Bakersfield Street one lane to the west from Sheppard Avenue to Regis Crescent

Our inspection of the road shows the need to fix the curb and sidewalk and resurface the road to bring them to a state of good repair. Widening the Sheppard Avenue will result in giving separate access to the new Toronto York Subway Station. Widening the Bakersfield Street will improve the traffic flow going south to the station as well west to the Sheppard Avenue West.

This work is part of the Council-approved 2017 Capital Works Program to renew aging city roads and sidewalk for current and future needs.

MAP OF WORK AREA

WORK DETAILS

The City's contractor will move on-site with equipment and prepare the work area before construction begins. Construction crews will then:

- Dig up the road surface
- Re-align maintenance holes and catch basins
- Repair curbs, gutters and driveways
- Complete intersection work and road widening
- Repave the road surface

WHAT TO EXPECT DURING CONSTRUCTION

- You will experience dust, noise and other inconveniences. The City will make efforts to reduce impacts. Your patience is appreciated.
- Further notice will be provided to property owners who must remove items located within City property limits (boulevard), such as decorative objects. If you have a sprinkler system within the boulevard, please contact Project Manager listed on page 2.
- The City will not be responsible for damage to any privately owned items on City property.

	<p>Work Hours: 7:00 a.m. to 11:00 p.m. Monday to Friday and 9:00 a.m. to 11:00 p.m. Saturday and work on Sunday as required and approved by the City.</p>
	<p>Road and Sidewalk Access: In order to complete the work in a safe manner, there will be road and sidewalk restrictions within the construction work area.</p> <p>Driveway Access: The contractor will notify you of any temporary restrictions to your driveway access. If your property has two entrances, one entrance will be kept open at all times. Access for emergency vehicles will be maintained at all times.</p> <p>Accommodation: Residents that require accommodation must contact the City Inspector to arrange for access during the construction period.</p>
	<p>Traffic Management: Efforts have been made to manage traffic in the area for the safety of workers, road users and residents. Road users should expect delays and increased traffic on nearby main and side streets.</p> <p>Traffic on Sheppard Avenue West traffic will be reduced to one lane in each direction through the work zones.</p>
	<p>TTC Service: This project may affect travel times on the TTC routes that travel on this stretch of Sheppard Avenue West.</p> <p>Visit ttc.ca for accurate schedule information.</p>
	<p>Parking: Parking in the active work zone is not permitted due to space requirements for construction equipment and materials. If your parked vehicle affects the construction work, it will be re-located with no charge to the owner. Please contact parking control for the location of your vehicle at 416-808-2222</p>
	<p>Garbage & Recycling: Please follow your normal routine. If required, the contractor will move bins to an appropriate location and return them. <i>Please ensure that you label your bins with your address.</i></p>
	<p>Restoration: The construction work area will be restored with sod and/or asphalt where required. Interlocking bricks, flagstone on a granular base, or other similar features that are removed during construction will be replaced. Lawn seeding and/or laying of sod will be done as needed during ideal growing seasons only - in the spring (April to June) and fall (September to October).</p>
