Repair Laneway South of Pears Avenue East of Avenue Road

Expected Start Date: September 2016

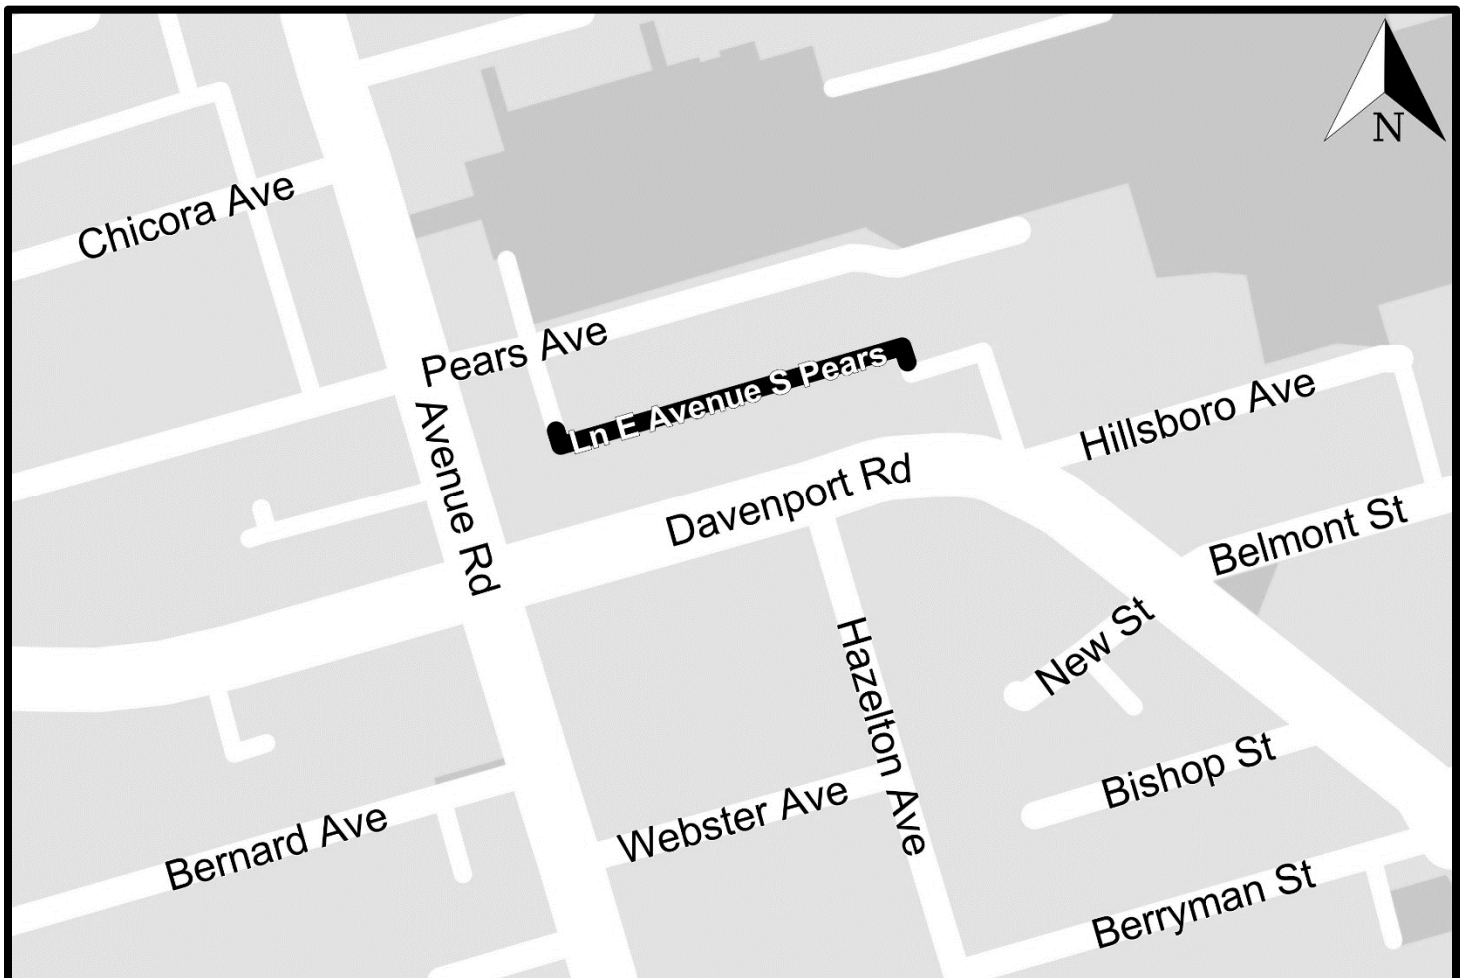

Expected End Date: November 30, 2016

**Timeline is subject to change. Future notice to be provided.*

The City of Toronto is planning to do lane repairs on a laneway located south of Pears Avenue, north of Davenport Road and east of Avenue Road.

This project is part of the Council-approved 2016 Capital Works Program to renew aging city laneways for current and future needs.

MAP OF WORK AREA

WHAT TO EXPECT DURING CONSTRUCTION

- You may experience dust, noise and other inconveniences. The City will make efforts to reduce the impacts. We appreciate your patience.
- Work crews will mark the areas of the roadway that require replacement and the locations of underground utilities, such as gas, water and cable so that the construction work does not interfere with these utilities.
- Property owners should remove items located within City property limits in the laneway, such as landscaping and or decorative objects before work starts. If you have any questions about the work, please contact the Field Ambassador listed below.
- Traffic movement, parking and accessibility to garages on the laneway will be limited when the laneway is under construction.
- Affected properties will receive a Construction Notice approximately two weeks before work begins with more information about the work.
