

Free WiFi has arrived at Union Station in the GO York Concourse

Union-TD WiFi is a free, public service presented by TD Bank Group that is now available in the GO York Concourse of Toronto's Union Station. The WiFi service is provided by BAI Canada.

Please continue to check @torontounion on Twitter for updates on the WiFi service offering.

Why don't we get connected—

To connect your device to the free WiFi network, select "**Union-TD WiFi**" from your device's WiFi settings and enjoy the service courtesy of founding sponsor TD Bank Group.

Once you select the network, open an Internet browser like Chrome on an Android device, Safari on an Apple device, Blackberry Browser on a Blackberry device or third party browsers like Firefox. Once the browser is opened, you will see our welcome screen with instructions for access.

That wasn't so hard now was it—

For the first phase of the Union-TD WiFi project, the wireless network is available in the GO York Concourse and the York Street Teamway. As the service expands, the Union-TD WiFi network will be made available in all publicly accessible areas of Union Station.

If you have questions or difficulty accessing the Union-TD WiFi network, please send us a message at wifisupport@torontounion.ca or call our Help Desk at 416-363-WiFi (9434).
