

COMMEMORATIVE DONATION PROGRAM

Trees native to Southern Ontario

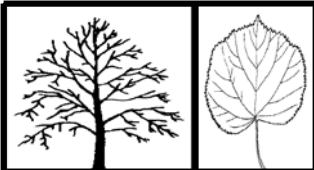

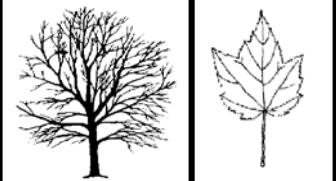

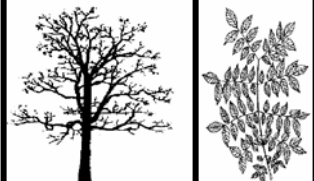

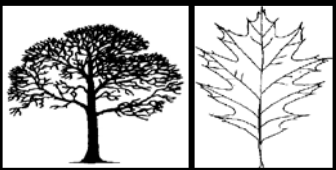

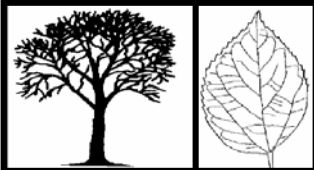

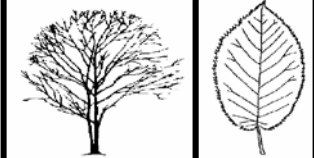

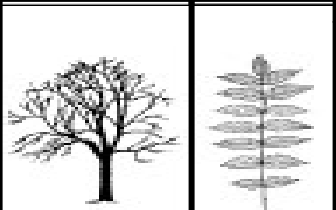

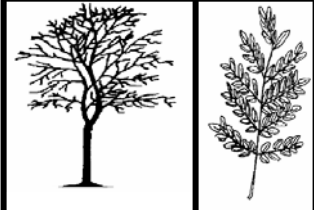

The trees numbered 1-12 are native or indigenous to Southern Ontario. They are all an integral part of the natural environment that has evolved in this region over thousands of years.

When you plant a commemorative tree, you are contributing to the conservation of the diverse plant and animal communities that have coexisted with these trees for millennia.

The seeds from these trees will continue to make their way into our natural areas, parks and ravines as they have in the past. Alien tree species can become aggressive and displace indigenous plants. They can disturb the balance that exists between all the diverse plants that comprise the natural landscape.

Choosing a native tree is especially important if you live near parkland or a ravine.

Note: The planting season for each tree is specified with an S (spring) and F (fall)

	<p>1. Sugar Maple (F) Height: 16-20m Spread: 12-15m Flower: greenish yellow Fruit: maple keys Fall colour: yellow, orange, red</p>		<p>7. Basswood (S or F) Height: 18-22m Spread: 9-12m Flower: Pale yellow Fruit: nutlets Fall colour: yellow</p>
	<p>2. Black Maple (S or F) Height: 16-20m Spread: 12-15m Foliage: dark green Fruit: maple keys</p>		<p>8. Tulip Tree (S) Height: 15-18m Spread: 8-10m Flower: orange/pink-showy Fruit: cone-like Fall colour: yellowish</p>
	<p>3. Freeman Maple 'Autumn Blaze' (S) Height: 14-18m Spread: 12-16m Foliage: green Fruit: maple keys Fall colour: orange red</p>		<p>9. Kentucky Coffeetree (S) Height: 18-20m Spread: 12-15m Flowers: white Fruit: reddish brown pod Fall colour: yellow</p>
	<p>4. Red Oak (S) Height: 16-22m Spread: 15m Fruit: acorn Flower: yellowish green Fall colour: red/brown</p>		<p>10. Hackberry (S) Height: 12-18m Spread: 12-16m Foliage: bright green Fruit: orange red Fall colour: soft yellow</p>
	<p>5. Bur Oak (S) Height: 12-16m Spread: 10-14m Fruit: acorn Foliage: glossy green Fall colour: yellowish, brown</p>		<p>11. Serviceberry (S) Height: 4-6m Spread: 3-5m Flower: white, showy Fruit: edible, red purple berry Fall colour: yellow to red</p>
