

The City of Toronto holds public consultations as one way to engage residents in the life of their city. Toronto thrives on your great ideas and actions. We invite you to get involved.

East Don Trail Environmental Assessment Study

Notice of Commencement & Public Event

The City of Toronto and Toronto & Region Conservation (TRCA) are hosting a public event to introduce you to the East Don Trail Environmental Assessment (EA) study. The event will be a drop-in open house for viewing study materials and one-on-one discussions with members of the project team. We invite you to attend this event to learn more about the work completed to date, key challenges and opportunities, and ways the community can participate in the study.

Wednesday, February 13, 2013

6 p.m. to 8:30 p.m.

Blessed John 23rd Catholic School

175 Grenoble Dr.
(east of Don Mills Road)

Background

The City of Toronto and TRCA are investigating ways to construct a multi-use trail system within the East Don valley lands, as part of the 2012 multi-year *Bikeway Trails Implementation Plan*. The proposed trail will provide a key connection between the Moccasin Trail Park, the Lower Don Trail system and Gatineau Corridor Trail.

The Process

The East Don Trail EA study will be carried out in accordance with the requirements of the Environmental Assessment Act providing opportunities for public input at key stages. The study will ensure that any potential impacts to the valley lands, river crossings, flood and erosion risks, and property ownership are considered

We would like to hear from you

Public consultation is an important part of this study. We are asking for your input to inform the East Don Trail EA study. Topics to discuss include:

- How and where you are utilizing the East Don valley lands
- Key areas of interest
- Challenges, opportunities, and other concerns
- How we can engage the community and provide opportunities for participation

You are invited to learn more and to share your insights and opinions at any time. For more information, please contact:
