**WE CAN HELP YOU MATCH
YOUNG PEOPLE TO YOUR JOBS**

THERE IS A WEALTH OF ENERGETIC, HIGHLY MOTIVATED
PEOPLE WAITING TO OFFER A LOT TO YOUR ORGANIZATION
— AND WE KNOW WHERE TO FIND THEM.

WHO WE ARE:

Youth Employment Partnerships (YEP) is a neighbourhood-based youth employment network that offers job placement and staffing services to organizations throughout Toronto... absolutely free. We can help you fill positions ranging from entry level to skilled. More than 5,000 organizations use our services and we've successfully matched thousands of young people between the ages of 15 to 29 in jobs in various industries, including administration, hospitality, manufacturing, retail, customer service, construction and technology.

We work locally — in the neighbourhoods where your organization operates — to help employers and young people seeking employment find the right match. Employers find the help they need and potential employees bring their energy and abilities to the job that's right for them.

STRENGTH IN NUMBERS

YEP is an organized network that offers co-ordinated support - if the agency you are working with is unable to help, they will refer you to someone who can.

We work together to promote the value of youth employment. Our services are funded through a combination of federal, provincial and municipal programs. YEP is funded and coordinated by the City of Toronto.

HOW CAN WE HELP YOUR ORGANIZATION?

We have access to a large pool of youth from across the city, who are ready to work and eager to gain experience. Our employment specialists are trained and committed to working directly with you to understand your organization's needs and then select youth with the skills that fit.

We work with your organization to:

- Provide free employment assistance. Think of us as your own Human Resources
- Screen and match skilled and knowledgeable young people to your job openings
- Offer pre-employment and on-going support
- Offer employer and potential employee support on a confidential, individual basis
- Prepare potential employees for a new work challenge
- Arrange free job fairs when a organization has multiple job postings
- Arrange wage subsidies (where available)
- Guide and support you with your apprenticeship opportunities
- Assist you to train today's youth to meet your future workforce needs
- Provide free posting of your job opportunities on our electronic job board
- Ensure a future workforce for your organization.

Our success lies in matching skills and abilities with employers' needs. We work closely with young people, to assess their strengths and skills and to provide the guidance and support they need to succeed at their jobs. When the youth within our network show up for work, they're ready to start contributing to your company.

WHAT'S THE BENEFIT IN HIRING YOUTH?

Experts predict a workforce shortage beginning in the next 5 to 10 years, as aging workers begin to retire, taking knowledge and skills with them. There simply won't be enough skilled young people available to fill the void.

Encouraging youth to join your team today can help you shape and sustain your workforce for the future. In partnership with you and your organization, we work to create opportunities to ensure that today's youth become vital members of tomorrow's workforce.

But it's not just tomorrow that you will benefit, our youth can begin to contribute to your organization today. Our youth are energetic, up-to-date, creative and eager to learn and can provide a youthful injection into your organization.

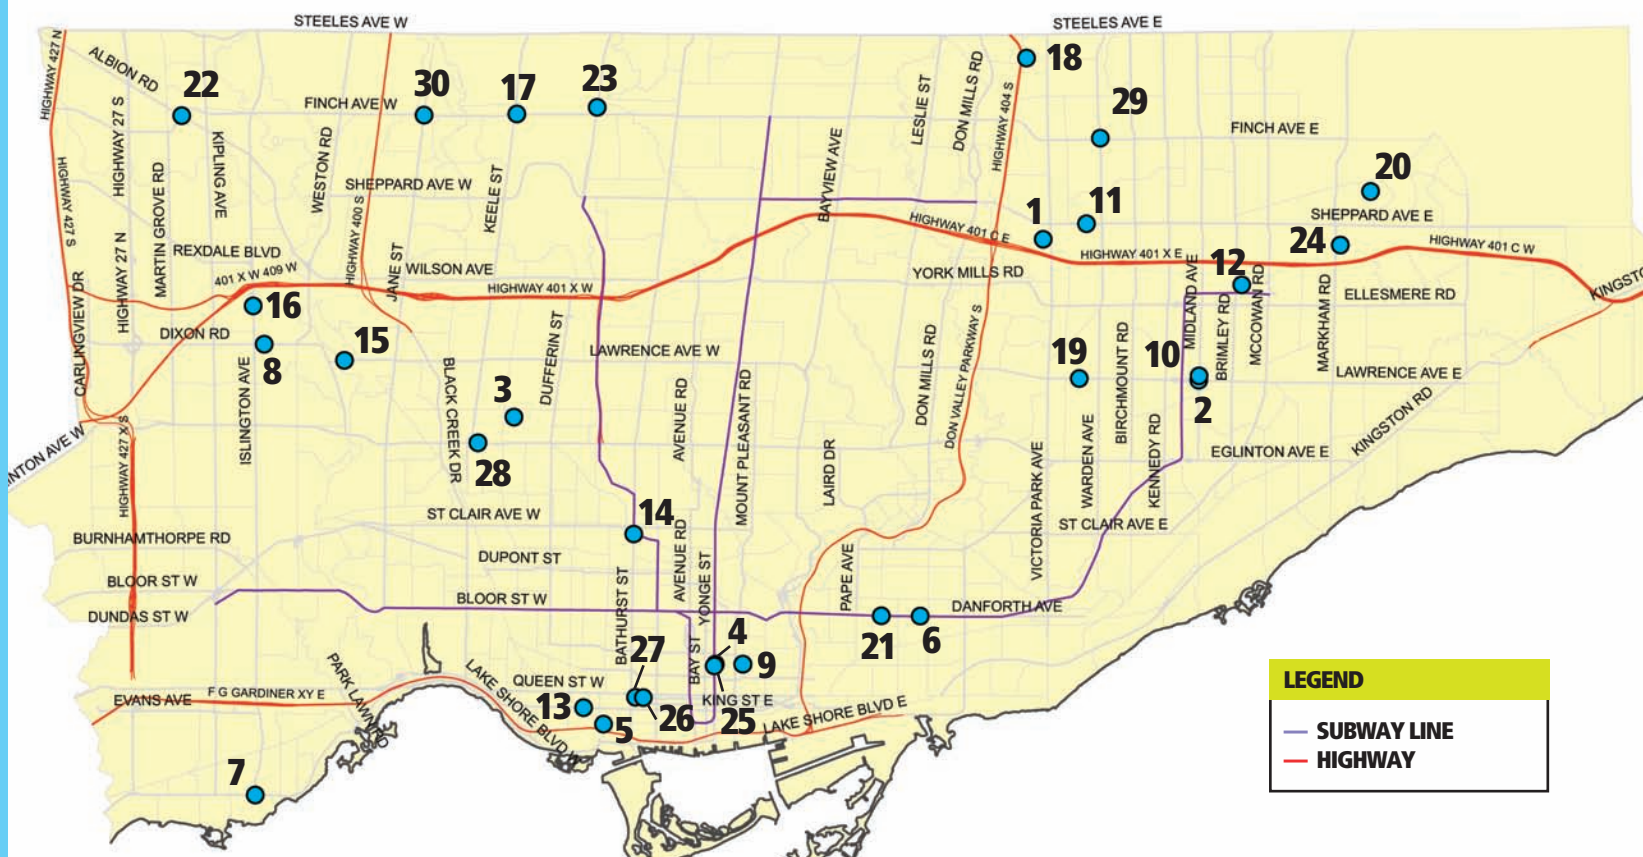

HOW CAN YOU REACH US?

We have Employment Centres across the city. Refer to the map and call the nearest Centre to your organization.
