

Annex A

Western Waterfront Master Plan Community Advisory Group

As part of an extensive Community Engagement Strategy, the Western Waterfront Master Plan (WWMP) team created a Community Advisory Group, comprised of interested stakeholders, to guide the master planning process. The role of this group was to:

1. Represent the community's interests in the master planning process
2. Provide comments, insight and advice to assist the WWMP team
3. Reflect the City's commitment to equity and inclusive representation
4. Act as an information link between the community and WWMP team
5. Use consensus building to solve problems, resolve differences and develop solutions.

Membership in the Committee was open to any interested stakeholder, and the Group's meetings were publicised via email and website postings. Invited and participating organisations included the following:

Argonaut Rowing Club
Association of Iroquois and Allied Indians
Boulevard Club
Bloor West Village Residents Association
Canadian Tibetan Association
Evergreen
Grenadier Group
High Park Residents Association
